

Renewable energy sources - wind farms - Call II

The aim of the Call is to promote an efficient and thrifty use of RES, increasing their share and thus reducing the consumption of primary energy sources, as well as support for business entities in the use of RES.

TIMETABLE

Receipt of grant applications:

- 28.06.2024 - 31.10.2025

SUPPORTED ACTIVITIES

- Construction of wind farms.

THE APPLICANT

- is a natural person or legal entity pursuing business, that has been assigned a Czech ID number and is authorized to do business¹;
- is authorized to conduct business corresponding to the supported economic activity², in which the project is implemented, no later than on the date of the first sustainability report. No later than on that date, the applicant shall submit a license for the production of electricity, which is granted by the Energy Regulatory Office (ERÚ) in accordance with Section 5 of Act No 458/2000 Coll., on the conditions of conducting business and on the performance of state administration in the energy sector and amending certain acts (the Energy Act) as amended, and shall enter CZ NACE 35.11 Production of electricity, or (from 01.01.2025) CZ NACE 35.12 Production of electricity from renewable sources;
- If it is a legal entity, it provided data to the extent required in Section 14, paragraph 3, letter e) of Act No 218/2000 Coll. on budgetary rules and amending certain related acts (the Budgetary Rules)³:

¹ This is a trade license or license to do business according to other legal regulations (unless otherwise stated in the Rules for Applicants and Beneficiaries of OP TAC - specific part).

² The CZ-NACE in which the project is implemented, indicated by the applicant in the application in ISKP21+, corresponds to the activity recorded in the public registers. The entered CZ-NACE must not be CZ-NACE 03 Fishing and aquaculture.

³ Also referred to as the Budgetary Rules Act.

- in IS KP21+, it entered information on the identification of persons acting on behalf of the applicant, indicating whether they act as its statutory body or whether these persons act on the basis of a granted power of attorney,
 - has registered the real owners of the legal entity in accordance with Act No 37/2021 Coll., on the registration of real owners (fulfilment of the condition will be verified by IB);
 - in IS KP21+, it entered information on the identification of the entities in which it has a share and the amount of this share.
- According to its sworn statement, it is not in liquidation.
 - According to its sworn statement, it has been registered as an income tax payer in the Czech Republic, continuously for at least two tax periods⁴ preceding the date of submission of the grant application⁵.

TERRITORIAL FOCUS

- **Target territory:** The territory of the Czech Republic, except NUTS 2 Prague
- The territorial eligibility is not assessed based on the registered office of the applicant (beneficiary) but based on the actual place of project implementation, i.e. the territory where the physical implementation takes place and the project expenses are incurred.

MAIN CONDITIONS OF THE CALL

- The project must not violate horizontal EU policies and their basic principles. In particular, the project must comply:
 - with principles of non-discrimination (primarily non-discrimination based on race, gender, religion, ethnic origin, disability, age or sexual orientation);
 - with the principles of sustainable development;
 - with the Charter of Fundamental Rights of the European Union.
- The project objectives shall be in line with the objectives of the operational programme and the Call.
- For projects the total eligible expenditure of which is equal to/higher than CZK 5 million, the score obtained in the simplified economic evaluation, which expresses the financial health of the applicant, must not be lower than 5 points⁶.
- The project does not significantly harm the environmental objectives within the meaning of Article 17 of Regulation (EU) 2020/852 of the European Parliament and of the Council.
- The project is climate-proofed as defined in Article 2(42) of Regulation (EU) 2021/1060 of the European Parliament and of the Council.
- Investments in infrastructure meet the requirement for climate resilience in the sense of Article 2(42) of Regulation (EU) 2021/1060 of the European Parliament and of the Council.

⁴ This is a tax period according to Section 16b for natural persons / Section 21a for legal entities of Act No 586/1992 Coll., on income taxes.

⁵ Not relevant for Special Purpose Vehicles (SPV). SPV is defined in Annex 2 to the Rules for Applicants and Beneficiaries under OP TAC - specific part, Chapter 3.1.

⁶ Not relevant for Special Purpose Vehicles (SPV). SPV is defined in Annex 2 to the Rules for Applicants and Beneficiaries under OP TAC - specific part, Chapter 3.1.

- Grant applications of applicants who have submitted a similar active project (in any PP status up to PP37 including) under OP TAC will not be approved in the phase of appraisal of formal requirements and eligibility, unless the applicant has withdrawn from the project. A similar project is a project that has the same place of implementation (up to the level of the municipality), similar activities and a similar amount of budget and its structure. The aim of the above-mentioned measure is to prevent the blocking of budget funds by the fact that the still unfinished projects are submitted again in an identical wording, or slightly modified.

ELIGIBLE EXPENDITURE

- Tangible fixed assets
- Intangible fixed assets (if necessary for the proper operation of the tangible fixed assets).
- Engineering activity
- Design documentation.

FORM AND AMOUNT OF AID

- The total eligible expenditure (TEE) of a project must be at least CZK 3.070 million⁷ and at most CZK 66.7 million⁸.
- Projects with TEE lower than the minimum are ineligible and will not be accepted into the appraisal process. The maximum TEE level is unsurpassable.
- The maximum amount of aid is EUR 30 million per enterprise and per investment project, this value must not be circumvented by artificially dividing the project. The maximum aid level is unsurpassable.

⁹ Funding sources (% shares of documented eligible expenditure)	
Eligible expenditure directly related to the production of energy from RES	
Type of entity	EU share
Small enterprise	65 %
Medium-sized enterprise	55%
Large enterprise	45%

⁷ Valid at the stage of approval by the selection committee.

⁸ The amounts will be converted using the exchange rate announced by the European Central Bank on the website, valid on the date of submission of the grant application.

⁹ The chapter shows the EU share. The remaining part of the funding will be covered from the beneficiary's resources.
